DESCRIPTORS Applied Linguistics; Bilingualism; College Language Programs; *Conference Reports; *Indexes (Locaters); *Language Instruction; Language Programs; Language Teachers; *Modern Languages; Reference Materials; Second Language Learning; Teaching Methods
IDENTIFIERS *Northeast Conference Teaching Foreign Languages

ABSTRACT

This index covers the "Northeast Conference [on the Teaching of Foreign Languages] Reports of the Working Committees" from 1954 to 1975. Author and subject entries are combined in one listing, and although authors, editors, members of the working committees, and others mentioned in the Reports are included, the emphasis throughout is on concepts rather than on individuals. In addition, ample cross references have been provided between major listings, including those that might not occur to the reader. However, very obvious or repetitious cross references have sometimes been eliminated, so that the reader's knowledge of his field will in many cases suggest other cross references. To avoid overburdening the Index with names, name entries have been restricted to the most necessary and useful ones. Each entry is followed by the appropriate date and page reference. In addition, a list is provided which contains the contents of the Northeast Conference Reports for the years 1954 to 1962. (Author/AM)

Using the Index

The *Index* covers the *Northeast Conference Reports of the Working Committees* from 1954 through 1975. It combines author and subject entries in one listing; though it includes authors, editors, members of the working committees, and others mentioned in the *Reports*, the emphasis throughout is on concepts rather than on individuals. Thus, a reader looking for John Carroll's research on self-instruction will find information indexed under self-instruction and research rather than under Carroll. Ample cross references have been provided between major listings, and the reader can find further information on many subjects by following the clues his own experience suggests. For example, the entries on French, German, and Spanish yield information on audio-lingual methods and materials that might help the researcher on audio-lingualism but are perhaps too closely related to the specific language to be included under the main entry for audio-lingualism. The compilers have emphasized cross references that, while useful, might not occur to the reader. Very obvious or repetitious cross references have sometimes been eliminated to save space. The reader's knowledge of his field will in many cases suggest special cross references that have not been listed.

Abbreviations have been kept to a minimum. Organizations known by their initials (e.g., AATF, MLA) are listed in this manner only to direct the reader to the listing under full name. The same applies to such pedagogical abbreviations as LAP and CAI. However, FL as an abbreviation for foreign language is used throughout.

In each entry, the year is indicated by its last two digits and separated from the page reference by a colon. A semicolon separates references to different years. Thus "**Accountability** 74:110-11; 75: 19-20" refers to pages 110-11 of the 1974 *Reports* and to pages 19-20 of the 1975 *Reports*. Cross references are given at the end of the entry. Since the 1960 *Reports* were issued in two parts, a lower case "s" (60s) indicates that material appeared in the supplement to the 1960 volume.

Few articles in the *Northeast Conference Reports* are the work of one author; generally they are the product of a working committee. Membership on a working committee is indicated by a lower case "c" after the year: "**Adams, Lillian S.** 54c: 8-48." Chairmanship or co-chairmanship of a committee is denoted by "cc" in the same position: "**Brodin, Dorothy** 58cc: 36-47." The editor of a volume is indicated by the abbreviation " (ed.)" preceding the year: "**Born, Warren C.** (ed.) 74; (ed.) 75." A proper name unaccompanied by "c", "cc", or "(ed.)" indicates either authorship of an article or a significant mention in a report or article. In twenty-two years, many people have been mentioned in the *Northeast Conference Reports;* to avoid overburdening the *Index* with names, the compilers have restricted name entries to the most necessary and useful ones.

The compilers' thanks go to the Board of Directors of the Northeast Conference and to the Secretary-Treasurer of the Conference. Professor Dodge's advice and help have contributed greatly to the *Index*, but he is not to be held responsible for errors of commission or omission. These are our own.

Foreign Language Attitude Questionnaire

...an Instrument for Polling Student Opinion

THESE QUESTIONNAIRES ARE DESIGNED TO HELP TEACHERS understand their students' attitudes and help them revise courses, materials, and procedures. Instructions for administration and analysis are included with each order of questionnaires.

THE QUESTIONNAIRE DATA WILL BE USEFUL to the teacher for three principal reasons:

- to find out how students really feel about various aspects of the foreign-language curriculum;
- to change aspects of the instruction process to the extent that these are pedagogically feasible and desirable;
- and to help correct erroneous ideas, unrealistic expectations, or negative attitudes that students may hold.

In connection with this last aim, providing information to the students about the results of the questionnaire may be helpful by showing how they agree or disagree with each other.

THE QUESTIONNAIRE IS IN TWO SECTIONS, and each is available separately. The first section, S_1, is intended for students who are currently enrolled in a foreign-language course, or have been at one time. The second section, S_2, is intended for students who have never taken a foreign-language course.

ORDERING INFORMATION: The Foreign Language Attitude Questionnaire, Form S_1, for students *with* foreign-language study is available in packets of ten questionnaires at $3.00 per packet. The Answer Sheets for Form S_1 are available in packets of 100 sheets at $3.50 per packet.

The Foreign Language Attitude Questionnaire, Form S_2, for students who have *not* studied foreign languages is available in packets of ten questionnaires at $3.00 per packet. The Answer Sheets for Form S_2 are available in packets of 100 sheets at $2.50 per packet.

A nominal charge for billing and handling can be avoided by including your remittance with the order. Orders will be shipped via special delivery for an additonal charge of 90c per order; otherwise, please allow three weeks for delivery. Orders should be sent to:

Institute for American Universities
Chartered by the University of the State of New York

Aix-en-Provence and Avignon
(Southern France)
(Under the auspices of the Universite d'Aix-Marseille founded 1409)

An experienced institution for overseas study offers three programs to colleges and universities wishing to assure for their students the benefits of guidance and supervised study abroad:

AIX-en-PROVENCE YEAR:
DIRECTED STUDY PROGRAM for French specialists, exclusively in French at the *Faculté des Lettres.*
ADVANCED FRENCH for French majors
EUROPEAN AND MEDITERRANEAN STUDIES for majors in Arts and the Social Sciences, in English.

AVIGNON PROGRAM
INTENSIVE FRENCH LANGUAGE AND CIVILIZATION.
For students with at least two years' preparation in French, for one or two semesters.

SUMMER PROGRAMS
FRENCH LANGUAGE AND LITERATURE, in French, in Avignon.
EUROPEAN CIVILIZATION AND POLITICS, in English, on contemporary problems.
ART IN PROVENCE, in English, a Fine Arts Workshop.
TREASURES OF PROVENCE, in English. Medieval Music, Dance, and Literature.
Field trips every week-end; emphasis is laid on academic and cultural aspects of France (attendance at Aix and Avignon Festivals, etc.).

Qualified students earn:
Transcript certifying courses and hours taken, with mid-semester and semester examination grades.
Certificate of European Studies.

For details, and information on accompanied groups, write to:

The Director Institute for American Universities
27 Place de l'Université
13625-Aix-en-Provence, France.

The Case for Foreign-Language Study... a collection of readings...

The Northeast Conference on the Teaching of Foreign Languages has published a collection of reprints expressing various views of the case for studying foreign language. This 52 page booklet offers insight into the common problems that confront many teachers today. The following articles, essays and comment appear:

SHOULD FOREIGN LANGUAGE BE ELIMINATED FROM THE CURRICULUM? ..... *John H. Lawson*
AN UNDERGRADUATE VIEW: CONCERNING THE FOREIGN LANGUAGE REQUIREMENT ... *Jim Burgett*
ANTITHESES ON FOREIGN LANGUAGES ..... *James C. O'Neill*
THE THREAT TO THE COLLEGE LANGUAGE REQUIREMENT: IMPLICATIONS FOR SECONDARY SCHOOLS AND COLLEGES ..... *Douglas W. Alden*
WHY A FOREIGN-LANGUAGE REQUIREMENT ..... *William Riley Parker*
WHY A FOREIGN LANGUAGE BREADTH REQUIREMENT ..... *Cyril Birch*
WHY STUDY FOREIGN LANGUAGES ..... *F. André Paquette*
REORIENTATION OF THE FOREIGN-LANGUAGE TEACHING PROFESSION ..... *James R. Powers*
TEACHING FOREIGN-LANGUAGE SKILLS: OBJECTIVES AND METHODS ..... *Wilga M. Rivers*
THE HUMANITIES AND NON-WESTERN STUDIES ..... *Albert H. Marckwardt*
A PHILOSOPHY FOR THE TEACHER OF FOREIGN LANGUAGES ..... *Mills F. Edgerton, Jr.*

Of especial intrest is the classic essay by William Riley Parker entitled *Why a Foreign-Language Requirement.* The timelessness of Parker's rationale becomes apparent upon reading it, and one immediately recognizes why it is the most widely referred to work on the defense of foreign language.

Any teacher or administrator in secondary or higher education who is concerned with the challenges and rewards of foreign-language teaching should own this booklet.

***The Case for Foreign-Language Study* is available at $2.00 including postage, from Northeast Conference, Box 623, Middlebury, Vermont 05753. PLEASE INCLUDE PAYMENT WITH ORDER.**

Avid's New, Low Cost Foreign Language System For Individualized Practice And Drill.

A TOTALLY INTEGRATED PRACTICE SYSTEM KEYED TO LEADING PUBLISHER'S TEXTBOOKS. Avid's Foreign Language Individualized Practice (FLIP) System is an affordable new tool to help teachers individualize foreign language programs. This totally integrated practice system consists of a comparative "repeat" recorder (Avid AAC-100), plus specially-edited cassette programs from many leading language publishers. The cassettes are "keyed" directly to the text materials. Avid's FLIP System will revitalize student interest in foreign languages and stimulate motivation.

At the heart of the FLIP Syster is the Avid AAC-100. This unique recorder has a two-track comparative capabilit, — a non-erasable master track for lessons and an erasable student track for :ponses. It incorporates a continuous "repeat" capability that is student controlled — allowing them to move through the program material at their own pace.

FLIP is the ideal system for individualized practice and drill. It offers the best features of a Language Lab at a fraction of the cost. No special facilities required. FLIP is just what your language teachers have wanted for a long, long time. For detailed brochure or demonstration, return coupon.

TANDBERG LEARNING SYSTEMS

While you read this page, we are installing a Tandberg Learning System somewhere in the world. In fact, two systems per working day, each one tailored to the professional's requirements.

On 5 continents, in 55 countries.

¼ million students per day learn something through a Tandberg Learning System.

WHY?

- ***QUALITY***
- ***DURABILITY***
- ***RELIABILITY***
- ***SERVICEABILITY***

In short: Tandberg Systems do the Job! . . . Professionally, for professionals . . . And have for 15 years
